

TPU BELTS

THERMOPLASTIC POLYURETHANE

SYNCHRO-POWER FLEX

Truly endless timing belts for power transmission and rotary positioning applications.

SYNCHRO-POWER SLEEVES

Truly endless timing belts for light-duty power transmission and rotary positioning applications.

SYNCHRO-POWER FLAT

Open ended flat belts for pulling and lifting applications.

SYNCHRO-CLEAN FOOD GRADE

Reinforced monolithic conveyor belts with USDA and EU approval for direct food contact.

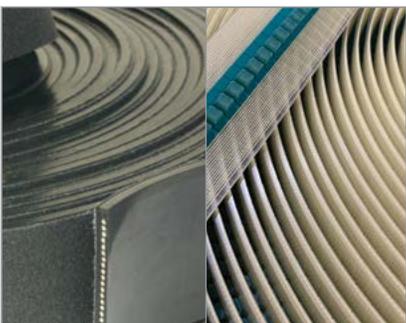

SYNCHRO-POWER LINEAR

Open ended or endlessly welded timing belts for linear positioning and conveying applications.

BELTS WITH BACKINGS

Endlessly welded and mechanically spliced timing belts with high friction backings for conveying and product transportation applications.

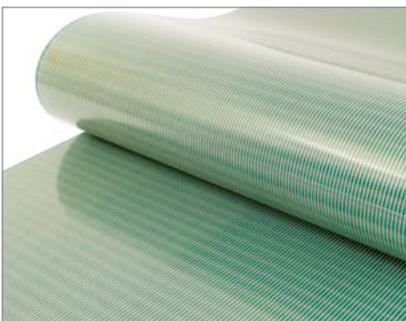

SYNCHRO-POWER LIVE ROLLER

45mm and 77mm wide live roller belts for warehouse and distribution center conveyors.

FABRICATED BELTS

Timing belts with custom machining and fabrication to solve unique conveying and product transportation needs.

SYNCHRO-POWER WIDE

Endlessly welded timing belts of widths up to 450mm for synchronous conveying.

BELT WITH PROFILES

Timing belts with a wide range of welded or mechanically attached profiles to fulfil application requirements for conveying and product transportation.

WHY GATES TPU?

Gates TPU brings a world-class combination of expert knowledge, industry leading product performance and quality, and superior customer service. Backed by 100 years of Gates innovation and a global footprint, we offer the most compelling TPU belt portfolio in the market and a dedicated team relentlessly focused on exceeding our customers' expectations.

KNOWLEDGE

APPLICATION KNOW-HOW

Engineering experts will work closely with your team to develop a solution.

EXPERTISE

Our team of industry specialists has decades of experience dedicated to TPU.

PRODUCT

QUALITY

Products that deliver the reliable performance customers expect from Gates.

OFFERING

Our extensive belt portfolio is constantly expanding to meet market needs.

EXPERIENCE

RESPONSIVENESS

Our regional teams are flexible, knowledgeable, and available for on-site service.

DELIVERY

Exceptional on time delivery and short lead times set the industry standard.
